

# KNOW - HOW

## FOR EUROPEAN CHEMICALS FOCAL POINTS

A shared journey to further develop your Focal Points role and build skills for stakeholder engagement

### 6 Monthly Online Trainings

Focused on multi-stakeholder processes, human rights and gender mainstreaming in chemicals management.

### Facilitated Exchange

Facilitating dialogue, learning and collaboration among European Focal Points.

### Individual Coaching Sessions

Dedicated support for integrating new approaches into your national implementation activities.

### In-Person Workshop

A concluding event for in-depth learning exchange, reflection, and developing future strategies.

The project is specifically designed for **European Focal Points engaged in international chemical processes**, offering targeted trainings, a unique opportunity for peer exchange and tailored support to strengthen your role in advancing inclusive, human-rights based and gender-responsive chemicals management.
